# Demo – ITMS

## Fully Integrated Training Management System

# Integrated Training Management System

- Supports training organisations to become and continue to be a TRAINAIR PLUS Partner.
- Recognised by ICAO as one of the best available technologies to efficiently manage a training organisation
- Compliant with all ICAO TRAINAIR PLUS requirements.
- ITMS is a modular system in which all processes are integrated and supports organisations with a structural approach to fulfill all the ICAO requirements.
- It is highly customizable and interfaceability with third part systems.

# Demo ITMS

# More information?

- Nextgear is participating the event and available to answer all your questions.
- You're also welcome to visit our HQ in Hoofddorp to experience the system in practice and discuss the possibilities for your organisation.
- Take a brochure of ITMS with you.

Thanks for your attention
